This tractor is used on the dry land or the paddy field.

►► 35HP Multifunction Crawler Tractor For Dry land And Paddy Field

Technical Parameters

Model No. : AN35SH-I

Size: 2700x1200x1450mm

Engine brand: Shifeng/Changchai/Yangrmax

Power: 35hp

Weight: 850kgs

Oil consumption: 2-3 liter/mu

Transmission mode: gear transmission

Track size: width 250mm, 84x42

Gear: 3 forward gears, 1 reverse gear, a total of 8 high and low speed gears

Walking speed: 10km/h

Working speed: 1-2mu/h

Air filter: oil filter

Water tank: dry pot type , water tank can not be short of water

Gearbox: Customized pure gear gearbox

Engine speed: 2200rpm

Standard attachment:

Bulldozer: width 100cm

Rotary tillage: width 120cm

Ditching machine: depth 30cm, width 30cm

Weeding machine: width 90cm

Backfill: width 90cm

The following attachments are optional.

- | | |
|-------------------------------|---|
| A. simple engineering bucket: | J. three plow: |
| B. wheel loader bucket: | K. grape vine burying machine: |
| C. excavator bucket: | L. corn straw crushing and returning machine: |
| D. ridger: | M. digging and fertilizing machine: |
| E. soybean and corn planter: | N. potato harvester: |
| F. wheat planter: | O. gasoline sprayer: |
| G. strawberry ridger: | P. plastic mulch layer: |
| H. single plow: | Q. auger: |
| I. double plow: | R. corn harvester |

►► 25HP/35HP Multifuction Crawler Tractor For Dry land And Paddy Field

Technical Parameters

Model No. : AN25/35SH-II

Size: 2750x1300x1400mm

Engine brand: Shifeng/Changchai/Yangrmax

Power: 25hp/35hp

Weight: 850kgs/900kgs

Oil consumption: 2-3 liter/mu

Transmission mode: gear transmission

Track size: width 350mm, 90x38

Gear: Stepless variable speed operating handle, a total of 4 high and low speed gears

Walking speed: 10km/h

Working speed: 2-3mu/h

Air filter: oil filter

Water tank: dry pot type , water tank can not be short of water

Gearbox: Customized pure gear gearbox

Engine speed: 2200rpm

Standard attachment:

Rotary tillage: width 120cm

Its implements are compatible with that of the wheel tractors. It has three point hitch.

The following implements are optional.

- | | |
|------------------------------|-------------------------------|
| A. 1.3m rotary tiller | I. auger |
| B. 1.5m rotary tiller | J. double plow |
| C. 1.6m rotary tiller | K. hydraulic plow |
| D. 1.8m rotary tiller | L. three plow |
| E. 2m rotary tiller | M. row corn planter |
| F. offset trencher | N. fertilizing machin |
| G. central trecher | O. Wheat seeder |
| H. grape vine buried machine | P. Simple sun protection shed |

This tractor is used on the dry land or the paddy field.

►► 50/60/80/100/120HP

Multifuction Crawler Tractor For Dry land And Paddy Field

Technical Parameters

Model No. : AN502SH

Size: 2700x1500x1600mm

Engine brand: Laidong490

Power: 50hp/

Weight: 1600kgs(Bare metal weight)

Oil consumption: 2-3 liter/mu

Transmission mode: gear transmission

Track size: width 350mm, 90x48

Gear: 4 forward gears, 1 reverse gear, a total of 10 high and low speed gears

Walking speed: 20km/h

Working speed: 2-7mu/h

Air filter: paper filter

Water tank:replace the antifreeze in cold weather , water tank can not be short of water.

Gearbox: Customized pure gear gearbox (9 inch docking port)

Engine speed: 2400rpm

The following implements are optional.

- A. 1.3m rotary tiller
- B. 1.5m rotary tiller
- C. 1.6m rotary tiller
- D. 1.8m rotary tiller
- E. 2m rotary tiller
- F. offset trencher
- G. central trecher
- H. grape vine buried machine

- I. auger
- J. double plow
- K.hydraulic plow
- L.three plow
- M.row corn planter
- N.fertilizing machin
- O.Simple sun protection shed
- P. bulldozer

- Q wheel loader bucket for 50hp-60hp tractor
- R. wheel loader bucket for 80-100hp tractor
- S. 10 arm excavator
- T. 20 arm excavator
- U. luxury cabin
- V. sprayer
- W. air conditioner
